CENTRAL VIRGINIA MUSTANG CLUB

ISSUE 10

PRESIDENT'S MESSAGE

With the election of officers being moved to this month, the need for a way to get ballots to all the membership was needed. It seemed the perfect opportunity to do our first monthly newsletter. If enough material is received from the membership in the form of articles, tips, and member

information, we might be able to continue with monthly newsletters.

It's up to you.

Check out the article on indoor car shows.

Its a great opportunity to meet other clubs and enjoy a lot of car ideas. We're always looking for cars to show, if you are interested contact Kenny Fischer.

As the temperature continues to dip, Club jackets are just the thing to keep you warm. They make an excellant Christmas gift too! Be sure to place your order early with Kent so your jacket will be in for the big day.

We are still getting raves about our September Show.

Committee reports are being reviewed in anticipation of making next year's show even better. There will be much more about next year's events when the new officers are elected.

And last but not least, do not forget to end this year on a cheerful note. Join us at the Bon Air Community Center, Friday, December 12th for the Club Christmas party.

Even if you don't know many members come to our monthly meeting, join a committee or come to the events. We want to get to know each and every one of you.

Till next month...

Terry Wagner, President

Model Mustangs

If you have that desire for a brand new Shelby but don't have the bucks or would like to check out the curves of a late model you might consider a model. During these long winter months while you can't work in the driveway or its too cold in the garage it's a great time to give a model a try. They come in several different scale sizes and a variety of models and years. The folks at HOBBY CORNER have offered to special any Mustang model that appears in their catalogs. It only takes a few weeks from the time you place your order to receive your selection. HOBBY CORNER is located on Jefferson Davis Highway at Walmsley Boulevard next to the Farm Fresh store. Call 275-6775 and ask for Charlie or Yvonne or stop in to look through their catalogs.

CVMC . . . On The Road Again

The Central Virginia Mustang Club certainly has enjoyed success showing cars around the East coast. Of all the shows this summer, more members traveled to Amherst (Lynchburg), Virginia Saturday, October 18th to display cars and just enjoy the show than any other show. Seven cars were entered from our Club and seventeen members were on hand. One of the Lynchburg Club's "gimmicks" was to offer a half 'n half cash jackpot. Carroll Lipscombe was lucky enough to win one of the jackpots and take a trophy home as well. The Club results are as follows:

'65 Fastback - 2nd Place - Kenny Fischer
 '66 Fastback - 1st Place - Ed Keller (Mineral, Va)
 '65-'70 Shelby - 2nd Place - Earl Morris
 BOSS - 2nd Place - Terry Wagner
 '65/'66 Open/Closed Street - 1st Place - Carroll Lipscombe
 '67/'68 Open/Closed Street - 3rd Place - Mike Timms

BEST OF SHOW: Ed Keller's '66 Fastback ! (Member CVMC!)

In addition to the winners list, Bill Thompson took 1st place in Burlington, N.C. Gate City Triad Show!

ARE YOU IN CVMC STYLE?

Now that the weather has a nip in the air, CVMC Club jackets can be seen everywhere. Auto shows, the best restaurants, club meetings and everywhere anybody is anybody! Its a real pleasure to have people walk up and ask where did your Club get such GREAT looking jackets. Probably the most frequently asked question is if you get a jacket when you join the Club. Its nice to have such a recognizable symbol for our Club.

If you would like a jacket, Kent Callahan will have several available for sale at the November meeting in a variety of sizes. They are \$58. We usually need twelve jackets to place an order. The Club financed the purchase of unsold jackets so the members with jackets on order would not have to wait. It will be a while until another order is sent in.

To compliment the black Club jackets, the ball caps are also available in black or silver. A few visors are also still available. Check out the tee shirts and Club merchandise at the next meeting.

FIRESTONE OPENS PERFORMANCE PRO SHOPS

Firestone is taking a different approach. They're opening High Performance Pro Shops where you'll find quality tires, wheels and service to accommodate performance car needs. They have contacted our Club to become familiar with the needs of Mustangs. Listen for their ads on radio and ads in the newspaper. More on this new Pro Shop later.

Carlisle

How many times have you heard the word Carlisle floating around? You may have been asked at the last meeting if you were "going to Carlisle". Is Carlisle a person, place or thing? Carlisle is a living breathing event in Pennsylvania - three times a year. Its official name is Carlisle Collector Car Flea Market and Corral. Sounds like your every day comeon type junk corner right. Wrong. Its 7500 vendors covering 82 acres of nothing but cars, parts, memoriabilia, toys, literature and automotive items. Picture a place the size of the Richmond Fairgrounds, all the parking lots, and race tracks covered with vendors - then multiply it by three. It takes about 5 hours to drive to the community of Carlisle from Richmond. Once you arrive finding a place to stay is your first big challenge. Hotels and motels are booked from year to year and your best bet is to check about 40-50 miles outside Carlisle. If your lucky enough to have a motor home, camper or van you might find a parking place on the street within a mile of a gate. The second biggest challenge is to cover all the vendor spaces without passing out. By walking from 8 AM to 7 PM for three solid days, its possible to see it all. Third challenge - how to carry all the treasures you buy back to your vehicle and pay for the doctor bills to cure your pulled muscles, back ache, bruised hips and cut fingers. But the biggest challenge of all is to stay dry. It never fails to sprinkle, drizzle or downpour the weekend of Carlisle. You know you've been to Carlisle when you take a big step over a puddle, your boot comes off and your bare foot sinks down into 5 inches of MUD. The next big Carlisle event is Spring Carlisle '87, April 30-May 3. It's one of the most adventurous, fun and exhausting weekends you'll ever spend.

Club Display

Now that the summer shows are over, indoor car shows are being scheduled. These shows are usually put on by a promoter that travels from city to city and encourages the "locals" to show their cars, along with area car clubs. Nationally recognized drag, race or show cars are imported to add glitter. The shows are advertised on radio, on TV and in newspapers quite heavily show week. For approximately \$3-6 a head, the shows are open to the general public for several days.

Several members of our Club have shown in these car shows in the past years. As a Club we took second place in last year's Stars and Cars show. This year our Club is entering in hopes of taking FIRST PLACE for the Club display and hopefully many individual honors! If you thought our Club car show was fun... join us for a custom car show. There are trophy categories for cars, boats, vans, motorcycles and trucks. In some cases, Cash is awarded for best paint, murals, engine, undercarriage, interior, coupe, sedan, convertible and on and on.

Our Club display will be centered around a western theme. We plan to use splitrail fence, wood chips and lots of Mustang Posters. If we have whet your interest in displaying in one of the "Custom Shows" talk to Kenny Fischer. Kenny is scheduling the cars into the Club display and is our contact with the promoters.

BOSS REVIVED! by Terry Wagner

Wondering about what happened to the BOSS 320 that expired enroute to the Dick Strauss' Grand Opening April 11, 1986? Well, have I got a story of woe for you. The head broke off of the exhaust valve in #3 cylinder. That wasn't too bad until it stood on end which caused the piston to break, which in turn allowed the connecting rod to flail around a bit til lodging itself at the base of the cylinder causing the rod to bend into a letter "S". And at that point all motion ceased.

So much for how and what happened. Locating everything needed for repair was an experience. Spring Carlisle just happened to be the following week. I was able to locate a well used BOSS302 block. I found someone locally with a set of heads. I got to be on a first name basis with the parts man at the nearby Ford dealership for the little pieces.

On a high recommendation of another Club member, Tony Mangrum got the job to reassemble the engine. The block made a trip to the first machine shop to be cleaned up and spec'ed. They recommended boring, only to find out that one of the cylinders didn't clean up. Another machine shop did a fine job sleeving the cylinder.

Now Tony put the bottom end together and sent it off to a machine shop for balancing. The heads go off to have the valves ground and fit. Tony assembled the valve assembly, shimmed the springs and carefully inspected each piece as it went back into the engine. The heads were ready to go on along with the other small parts, water pump, intake carburetor, etc.

The engine was ready for pickup around 10 o'clock, Thursday night - 48 hours before our "Classic Car Cavalcade". With help from Kenny Fischer and Mike Timms, the engine finally slipped in at 2 AM Friday morning. All day Friday was spent connecting the cooling, exhaust and electrical systems, but alas due to an igniting problem, did not finish in time for the show.

Monday night (after resting all day Sunday), all the problems got squared away. Tuesday the car went back to Tony for the final tune on the engine. We were able to drive the car to Waynesboro for their show Sept. 13th.

My experience comes down to: an engine block is not an engine block till it has been machined, assembled and proven. Three and four dollar parts get expensive when you buy 32 of them. And if you are looking for someone who can fix your automatic transmission, carburetor problems, or rebuild an engine . . . or just put a damn good tune-up on your engine, I don't think you will find a better mechanic than Tony Mangrum at Tony's Auto Repair at 5255-F Hull Street Rd. (232-6760). If anybody can sort out a problem with your car it is Tony!

MINUTES OF THE LAST MEETING

October 1
1986

The regular monthly meeting of the Central Virginia Mustang Club was called to order on Wednesday, October 1, 1986 by President Terry Wagner at 7:30 P.M. at Richmond Ford, 4600 West Broad Street. Treasurer Bob Leipertz reported \$1348 in the Club's account and 166 paid members. Carroll Lipscombe thanked the judges for an excellent job at the carshow and announced that the judging sheets would be available after tonight's meeting. Connie Callahan encouraged everyone to get a raffle ticket for tonight's drawing for a gallon of Antifreeze and a tube of silicone rubber. Brenda Jones, Christmas Party Chairman asked that anyone interested in helping put the Christmas Party together see her at the break time and that there would be a meeting in November at her house. Nominations Committee Chairman, Mike Timms explained that 10 new Board Members would be needed at this election and if anyone is interested in running to see him. Leroy Lilly was not at the meeting but Terry praised the Sponsors Committee for doing an outstanding job of providing numerous door prizes at the car show. Monte Evans asked anyone interested in a Fabulous Mustang subscription to see him tonight so the forms could be mailed back to the publisher. Handouts were available from Classic Auto Air Manufacturing Co. since they arrived too late for the car show. With the resignation of Charlie Coro as Crusie Director, Warren Wright accepted the appointment to the empty position. October 4th, the Club has been invited to participate in a parade at Victoria, Virginia, 16 past Crewe see Carroll Lipscombe if your able to participate. Official crusie night will be the following Saturday October 4th. BREAK Candidates for officers and board will appear in the next newsletter. The Ballots must be completed signed & returned by mail or brought to the meeting. Six new members were welcomed to the meeting. Terry asked everyone to check their newsletters for upcoming events. John Lloyd won the antifreeze doorprize and Jim Gladson won the silicone. Terry thanked everyone again for their help with the car show and announced the next meeting would be November 5th at Richmond Ford. The program was a collection of slides from the Car Show provided by Al Azzarone. The Slide Show provided all of us with an interesting angle.
