CENTRAL VIRGINIA MUSTANG CLUB

ISSUE 31

PRESIDENT'S PERSPECTIVE NOVEMBER/DECEMBER, 1988

Everyone should be home from White Post, VA and planning for next year. There were so many activities going on it was difficult to see everything. There had to be something for everyone. For those that do not find automobiles interesting, there were crafts, vendors, and antique dealers. There were steam engine enthusiasts, Indians and Mountain men. And there were seven Mustangs from the Central Virginia Mustang Club. The participants were Kenny and Nellie Fischer, Mike and Carolyn Timms, Monte and Judy Evans, Butch Williamson and Donna Seay, Mike Walker, Holly Womack, and myself. Thanks to everyone who attended and an invitation to join us next year.

The elections are over for another year. I hope everyone is happy with the outcome.

We all want to thank the members that are leaving office. We could not have made it this far without them.

Any by now, all the tickets have been sold to the February race. This was a little short notice, but we want to have these seats available for the fall race in September.

We are looking forward to having our cars on display at Eastgate Mall this spring. Contact Kenny Fischer if you want to show your car. This will be for a Saturday and Sunday, date to be announced.

Let's not forget this year's Christmas Party at Butch and Donna's house. All that you have to bring is yourself. There are directions to Butch and Donna's elsewhere in this newsletter. The date is December 17, 1988 at 7:30 p.m. 'til? We all look forward to seeing you there.

This is the last newsletter of 1988 and I am trying to express all of our appreciation to Carolyn Timms for a job well done. And look forward to next year's newsletters.

I think as I look back on 1988 that we had a real good year. We added new members and we lost a few. We had another successful car show. Our members won recognition at other club's events. We have a block of seats for the two NASCAR events at Richmond International Raceway. We had a good turn out on Mustang Day at Richmond Dragway. And we were able to donate \$750.00 to the "Homeless" in Richmond. Next year we will do all of these things and many more.

Merry Christmas and Happy New Year!
Terry Wagner, President

Carroll Lipscombe, Parade Chairman said the only parade we have is the Autumn Harvest Festival this weekend (Saturday night). So far Carroll is the only one going.

Monte Evans, Chairman Programs & NASCAR gave us a report on NASCAR. There are 2 Fords on the Pole for the Charlotte race this weekend. The membership will have to let Monte know by the end of the year on tickets for the February race at the Fairgrounds. Monte said he has a game for us to play tonight. Our speaker next month will be Malcolm Pulley (one of our new members). He owns Pulley's Alignment Service.

Carolyn Timms, Newsletter Editor thanked everyone for their participation in supplying information for the newsletter.

Darrell Andrews, Refreshments & Door Prizes said we have a road atlas, a Ford hat, and 2 scented knick-knacks for door prizes, and we also have drinks for sale. Darrell is leaving for Kansas next month so we are going to need a new chairman for the refreshments.

Donna Seay, Picnic Chairman gave a report on the picnic on Sunday, September 18th at Rockwood Park. We will have another one in April. Our Christmas party will be December 17th at Donna's house. A map will be in the newsletter. Donna also gave instructions and directions to White Post for next weekend (October 15 & 16).

CLUB MERCHANDISE

The following merchandise needs to go:

Baseball Jersey: 3/4 sleeves, blue with white body, and logo in blue - \$6.00 each, sizes S, M, L, XL.

Golf Shirts: Light blue with embroidery on right side - \$20.00 each, sizes S, M, L.

White Tees: With blue logo - \$5.00 each, size XL only.

Club Jackets: Black with Club logo on back embroidered in three colors - \$66.00 each, must have six requests to place an order.

I also have hats and golf cups for \$7.50. If you are interested, please contact Nellie Fischer at the Club meeting or call 743-1490.

Being Club Merchandiser is not an easy job! It is a big challenge, finding things people will enjoy! That is why I would like to sell all the old merchandise and start fresh.

The Classic Car Cavalcade coming up will be our 5th show. I would like to do a special three or four color shirt, mugs, etc. Not just for Club members, but for other car club participants as well. I would be honored to hear your ideas.

Thanks, Nellie Fischer

CAR MAINTENANCE MYTHS

If you believe a car driven only to church on Sundays by a little old lady is the best used car choice, you've been believing a myth.

FACT: Short trips allow moisture and fuel to build up in the crankcase and dilute the oil. That little old lady was doing more harm than good to her trusty automobile.

MYTH: Engine oil never wears out.

FACT: Additives are used up over time and oil becomes contaminated. With age, oil becomes thicker, thereby reducing gas mileage. Oil always needs to be changed according to the owner's manual directions.

MYTH: Automatic transmissions never require service.

FACT: Most manufacturers and repairmen recommend regular maintenance. Transmission oil, like engine oil, becomes contaminated. Transmission life can be extended by changing the fluid, cleaning or replacing filters, and making necessary adjustments. Special attention is required if the car is subjected to any strenuous activity, like towing a trailer.

MYTH: Bad batteries are the major cause of faulty engine starting.

FACT: Batteries and cables are frequently the trouble, but engines often fail to start because they need a tune-up. Tune-ups are recommended by maintenance experts every 12,000 miles for conventional systems and every 20,000 miles for new models with electrical engine systems.

MYTH: Anti-freeze should be kept full strength and need not be changed.

FACT: Anti-freeze, like water, will freeze if it is full strength in the cooling system. A gauge should be used and water added for the proper temperature range. Permanent anti-freeze isn't really permanent. It should be flushed out every two years to prevent corrosion and eliminate deposits. Check hoses and clamps too.

1989 CLASSIC CAR CAVALCADE LOCATION

We need to find a new location for our annual car show in 1989. It must be some type of controlled area - parking lot or a large field. Please contact Kenny Fischer at (Home) 743-1490 or (Work) 794-0500 Ext. 254.

RICK'S TIPS

In the next couple of issues I would like to discuss the different types of paints that currently are available to anyone wishing new paint on their car.

There are basically two types of paint; lacquers and enamel. All Mustangs from 1964-1/2 to 1973 were painted in acrylic enamel. There were no exceptions except on proto-types and cars specially made for some executives at Ford.

To be completely original on a car for national competition, it should be painted in acrylic enamel. There are several disagreements on this point between judges throughout the nation. As a word of thought, there are paints other than acrylic enamel that will show better but resemble acrylic enamel. In the next issues I will discuss alternatives to the factory enamels. Giving pros and cons on different paints.

If you have any questions, please feel free to call me at 232-8481.

Happy Cruisin...
Rick Nocht
