CENTRAL VIRGINIA MUSTANG CLUB

ISSUE 29

PRESIDENT'S PERSPECTIVE

SEPTEMBER, 1988

Another car show is history and early indications report that it was socially a hit and financially successful. Thanks to all of the members that worked so hard in the heat Saturday, August 13th, and those who contributed their time and talents during the planning stages.

If you are one of our charter members, joined the Club in the last year or two or became a member at the car show, think about signing up for a committee for next year's show. Don't be shy; to get the most out of any activity time and effort must be expended. Consider getting together and meeting Club members at our next picnic. Clear your calendar for Sunday, September 18th and cruise down to Rockwood Park (Rt. 360 - Hull Street Road and Rt. 147 - Courthouse Road). From 10 a.m. until everyone poops out there will be fun in the sun. Hotdogs and condiments provided, just bring a side dish and beverage to the Pony Trail Picnic Shelter and look for the Club banner.

Richmond will unveil its new race track September 11th when NASCAR comes to town. I hope everyone is look-

ing forward to cheering on their favorite driver from the CVMC grandstand section.

Don't forget, election of officers will be in November. A nominating committee will be appointed soon. If you are interested in serving as President, First Vice President (Car Show Chairman), Second Vice President (Membership Chairman), Secretary, or Treasurer, be sure to contact the nominating committee. If you are contacted by the committee, please consider carefully serving the Club.

Till next month...

Terry Wagner, President

PLEASE JOIN US

WEDNESDAY, SEPTEMBER 7TH

FOR OUR NEXT MEETING AT

MINUTES OF AUGUST 3, 1988

The regular monthly meeting of the Central Virginia Mustang Club was called to order by President, Terry Wagner at 7:31 p.m. Wednesday August 3, 1988 at Richmond Ford, 4600 West Broad Street.

Barbara Evans volunteered to take the minutes in the absence of vacationing Brenda Jones. The Treasurer's Report was given. The Club's account balance as of August 1, 1988 was \$875.61.

Kenny Fischer reported that the trophies for the upcoming car show had been purchased and that the dash plaques and registration packet items were ready.

Carroll Lipscombe announced that there are no upcoming parades and that he needs judges for the car show. The judging sheets are now ready for the show.

Mike Thrims reminded everyone that tonight was the last night of the membership drive and that Tina Fritz was leading with 10 new members.

Tina Fritz, Publicity Chairman, reported that all the car show ads had been sent out and that local radio stations would be giving out our Club T-shirts to help promote the event.

Holly Womack, Sponsor Chairman, announced that \$500 had been raised.

Monte Evans gave an update on the progress of Richmond International Raceway.

Warren Wright, Cruise Director, reminded everyone that Bill's BBQ would be the place to be on this coming Saturday night.

Old business discussed was the upcoming car show. Tina Fritz mentioned that there had been good response from other car clubs and attendance is expected to be good.

Donna Seay, Picnic Chairman, said our next picnic would be at Rockwood Park on September 18th. We will decide at our next meeting about food and drinks.

Darrell Andrews announced that she had plenty of cold drinks as well as Mustang cross stitch graphs for sale. After the break the door prizes were given away. Bob Anderson won a duck decoy, Bill Broughton won a T-shirt iron-on decal, and Monte Evans won a hat.

Kenny Fischer announced that on Friday, August 12th, he and any volunteers would begin the car show set up at 5:00 p.m. with a pizza party afterwards. Monte Evans said that 22 cars were pre-registered, and encouraged all to do likewise. Darrell Andrews asked for volunteers to help at the concession.

Tina Fritz announced that there would be a photographer at the car show as Kenny Fischer showed us his poster size enlargement of Nellie's car.

Under new business, a letter was read concerning a Mustang for sale. Bill Jarvis told everyone about a Labor Day weekend show in Columbus, Ohio.

The next meeting will be September 7, 1988 at Richmond Ford at 7:30 p.m.

A motion was made to adjourn and it was seconded.

Respectfully submitted, Barbara Evans

CAR TIPS

To have sparkling wire wheels and lug nuts, do them in the dishwasher. Remove all the baskets and place one or two wheels inside. Using wash cycle and normal amount of soap; run through wash and rinse. DO NOT allow wheels to remain through dry cycle, it will melt or warp the plastic center caps.

Submitted by Carroll Lipscombe

During the summer months it's possible to get caught in traffic and run into temperature problems with classic cars. If the gauge begins to climb, turn on the heater and fan on full blast. This will circulate some of the hot water through the heater coil and cool off the engine. Only problem is the interior of the car will be unbelievably hot. This is a temporary measure and only helps to begin to bring the temperature down. Serious malfunctions may need other attention.

FOURTH ANNUAL CLASSIC CAR CAVALCADE

Another car show will enter the archive scrapbook pages for the Central Virginia Mustang Club. Saturday, August 13th was the fourth show organized and presented in the Richmond area. Each show has its own distinctive pizzazz and characteristics.

The Club's first show in 1985 was held on the Broad Street parking lot of Richmond Ford. The day was dreadfully hot with the temperature nearing the one hundred degree mark but we drew in several hundred people. This first show was a non-judging show with popular vote being the rule of the day. We had a few door prizes, sold some refreshments, and encouraged people to join the Club. That show sparked the interest of many members to have an annual show, expand it to include judging and become our major Club supporting money making event of the year. When it was all over that day, we had increased the membership of the Club by approximately 25% and sunburns by 100%.

The enthusiasm for putting on a show the next summer could not be contained. Plans were started early and lots of people spread the word. The show would be held in September to avoid the heat. Little did we know that September is still very warm but also wet. The show was held Saturday, September 6, 1986, expanded to provide judging and just plain more of everything. The day started off rather cloudy which kept some of the cars home. That didn't stop all the fun, excitement and hard work that went into a very successful show.

The following year on the weekend of September 12, 1987, the weather reports were calling for thunder showers. Each year volunteers meet on Friday night before the show to begin preparations and spend the night. For those who bring their cars on Friday night, the Club makes sure the parking lot is secure and to be ready for the early birds Saturday morning. This year was no exception. The tarps went up, the motor home was in place, the signs were posted and tables arranged. The only thing not planned on was a storm. For a little excitement, lightning struck the nearby AJD building bringing out the fire trucks. Most everything ended up being soaked. Saturday morning was pretty but scattered clouds. As the day progressed, people poured in to view the cars keeping one eye on the sky. Around three o'clock, it became a race to finish judging and present trophies before nature showered our tired hot bodies. We lost. Trophies were awarded with soggy handshakes and everyone scattered for cars and cover. For an hour and a half it poured...hard. The crew did not abandon ship however, everyone stayed for clean up and went out for a cruise at Bill's BBQ afterward.

In 1988, over two thousand spectators passed through our gates to enjoy one of the nicest, most diverse selections of cars assembled for a CVMC show. Fifty-nine owners (24 of which were Club members) registered 66 Mustangs to be judged. Over 40 cars in other categories were on display from other Clubs, the special interest divisions and two "display only" Mustangs. Nine more cars were encircled in our car corral for sale while 19 vendors displayed wares in 25 vendor spaces.

New fond memories will be logged along with lots of very

hard work. The weekend of the show involves eighteen hours, only a portion of the time that goes into the months of preparation and meetings before the show. Fifteen volunteers head committees to handle various aspects of the show. Approximately nine months before the next show Kenny Fischer, Show Chairman, holds a planning meeting to outline and discuss strategy. Once the date and place for the show is set, Tina Fritz begins sending out press releases and letters requesting support for the show, revises forms and prepares for numerous mailings. Our Sponsors Chairman, Holly Womack, then asks everyone to start lining up merchants to donate door prizes for the show plus collects the advertisements to appear in the program. Closer to the show, about six weeks or so, Monte Evans, Registration Chairman, begins to receive money and registration forms.

During these several months other meetings are being held. Carroll Lipscombe gathered together those who would be judging and carefully reviewed and revised the judging sheets. So everyone would have cold drinks and a hot lunch, Darrell Andrews, Concession Chairman, made numerous calls and watched all the ads to get the best buys on supplies. She also arranged for an ice donation from Rueger's. Facilities Chairman, Terry Wagner made sure there would be a public address system, restrooms, trash boxes, tables, etc the day of the show along with a beautiful air conditioned mobile home, compliments of Falling Creek Recreational Vehicles. Of course, the one thing everyone can't wait to see are the awards. Kenny Fischer and Mike Timms took care of arranging for all the trophies making several trips to Frederickburg.

(Continued on Page 7)

(Continued from Page 6)

And then there's the day of the show jobs. These are the people who have attended all the meetings but couldn't really pre-arrange anything. New this year, the Club asked for the donations at the gate for the Freedom House. Jim Gladson, Admissions Chairman, played it by ear, nabbed a couple of volunteers to help him and did a great job collecting donations and making sure programs were handed out. Once the PA was hooked up, Pat Clayton began the day-long job of thanking everyone for attending the show, giving credit to all the sponsors, our 30 program advertisers and donated door prizes and contributions from members. As Holly drew door prize numbers, Pat would make sure winners had plenty of notice and time to claim their prizes.

Nellie Fischer was one of the busiest members at the show handling sales of raffle tickets, merchandise, Club memberships and concessions. Nellie's creative talents always come in handy for making signs and making sure things are displayed pleasingly. Several times throughout the day, you could hear calls for Treasurer, Barbara Evans. Our money lady made sure everyone had change when they needed it, then collected and kept track of all the various sources of income. Later she prepares the show budget report. Charter member, vendor and ardent supporter of the Club, Bill Jarvis once again took time to handle placing vendors. Bill was out Friday night marking off spaces and back early, early Saturday morning to greet vendors and get them settled.

Once the show is underway, the concession gets fired up for hotdogs, the PA begins to sing, tickets go on sale, the registrants begin streaming in around 7

a.m. and the spectators around 9 a.m. As the cars get grouped by years and styles, the judges begin their inspection. There is one more Chairman and committee to begin their important duties. The Scoring is headed by Carolyn Timms and Donna Seay. This is a real pressure job to total, check and recheck all the judging sheets and organize the information to determine the show winners.

Most of these dedicated committee heads have Mustangs that are entered in the show. About all they get to do is drive the car in place, take a few quick swipes at cleaning and get to the real work of the show. Monte and Judy Evans were stationed at Registration from 7 a.m. until way after noon to make sure everything was straight. Jim Gladson, Al Azzarone, Tom Victory, and Jay Clayton shared gate duty all day long. The concession area was really busy transferring drinks into iced tubs and making sure all the customers were taken care of. Darrell Andrews, Doug Trammell, Nellie Fischer, Nellie's Mom, Al Azzarone, Barbara Evans and others shared concession duty. The public address system ended up a family affair with Pat Clayton handling most of the announcing and his son Jay doing relief.

Many of the Club members participated in judging the various classes. Some judges worked all day, others only did specialty judging on single classes. All of the judging efforts were appreciated. Thank you Carroll Lipscombe, Bill Thompson, Sonny Coble, Mike Timms, Carl Evans, Michael Walker, Rick Nochta, David Lythgoe, Bob Anderson, Larry Strum, Terry Wagner and Bill Jarvis.

What a success. Not just the show, but the Club in general. Many of the Charter members are still regularly involved with Club activities and

always happy to see a new face and willing to share Club duties. When the day of the car show finally arrives, everyone pulls together and does whatever job needs to be done. Many people have served on more than one or two committees. Several Chairmen have handled their own committee and served on other committees as well. Many members simply show up the day of the show and help wherever hands are needed. Each CVMC member should be proud of the efforts at the show. The Club will be donating \$750 in cash and the collected donations to the Freedom House in addition to supplementing the Club's treasure with approximately the same amount plus. If your name was missed, it was not intentional. If this sounds like something that you would enjoy, join in for the planning sessions for next year's show. Kenny is already talking about the Fifth Annual Classic Car Cavalcade for 1989!
