23rd Annual Mustang And Ford Show October 22nd & 23rd

The Central Virginia Mustang Club held our 23rd Annual Mustang & Ford Show over the weekend of the 22nd & 23rd. This was our first "Two-Day Show".

Just like all the years before we had some fantastic Mustangs & Fords at our show. We had everything from 1964 1/2 Mustangs to BOSS 429's to Shelby's. Of course we also had some great looking Ford's & Mercury's.

As always we had a great crowd of spectators and participants. They are the ones who make our show one of the best Mustang & Ford Shows on the east coast. This year we attracted people from Missouri, Michigan, Maryland and North Carolina.

Let's not forget the great Mustangs from Virginia's beaches to the mountains of Southwest Virginia to the southern suburbs of our Nations Capital. They came from all over the Commonwealth of Virginia.

Every year we always have a great turnout among the membership to pitch in and help us put on the best show we can. I would like to take a

moment to thank our Show Chairmen
Larry Boyd & Johnny McGrath.

Larry had to do most of the leg work and did a fantastic job. Johnny was regulated to being a one arm bandit because of his injury he did a great job as well. And of course we cannot forget that hard working Co-Chairman Dave Dickey.

Our Head Judge, Rick Nohta had one of the hardest jobs in keeping track of all of our judges and the beautiful show cars they were judging.

Larry Noble did a great job in seeing to it that his "Parking Crew" got all the show cars in their place along with the vendors.

Ron Martin had a great bunch of people making sure that "Registration" went smoothly.

George Bobrovsky did his usual top notch job on having everyone get the show field ready for the "Big Weekend".

This was our first "Two Day Show" and I must say that it did what it was suppose to do. We have plenty of improvements to make it a must attend show year in and year out.

On behalf of CVMC I would like to thank everyone for making this show and "Very Fun Event"!

A Few Words From Our President

Dear Members & Family,

I want to express my gratitude for your assistance with our fall show. Thank You! Thank You! Thank You! Your dedication and hard work made this a great event. We would not have been able to pull it off without you. I want to give special thanks to our show chairman Larry Boyd, his committee and everyone that played a key role in planning and executing a GREAT show.

Let's start planning for the next one!

Gordon Martin
President

ELECTION of OFFICERS

The time of year is fast approaching that we need to start thinking of election of officers and directors. The terms for President, Vice

President, Secretary, Treasurer, and 5 Directors will be coming to an end on December 31, 2007. Some of you have expressed an interest in serving, but we need more. There will be a sign up sheet at our next meeting, so step up and sign up. If you have any question, please don't hesitate to ask. Thank you,

Gordon Martin
President

Chesterfield Air/Car Show **October 20/21, 2007**

CVMC Members Meet **Jack Roush** **September 6, 2007**

On September 6th, club members Mac Osborne and Wayne Schaaf, along with almost 2000 other Mustang and other racing enthusiasts were on hand at Marlow Ford, in Luray Virginia, to meet Racing legend Jack Roush. This was part of Marlow Ford's annual customer appreciation day and the dealership rolled out the red carpet to all. About two dozen Roush high performance vehicles, and other Mustangs, that Marlow had for sale were on display on the lot along with almost 100 Roush Mustangs and trucks and other Mustangs of different types (mostly Roush) that belonged to fans from as far away as New York and South Carolina.

After arriving Mr. Roush first signed autographs in the showroom and took time with each and every person waiting in line to meet him and get his autograph. On request he was gracious enough to pose each person that wanted their personal picture with "The Cat In the Hat".

As the sunset over the mountains to the west, Mr. Roush then moved to the dealership's parking lot. Starting on one side of the parking lot, he carefully went from vehicle to vehicle and took personal time to talk with each owner, sign their vehicles (sometimes in a couple of different places) and pose with each for pictures. Even after hours and hours of signing his name, he never stopped smiling and seemed to really enjoy meeting each and every person there.

and took special time to talk with each car or truck owner.. As the night went on, according to Lee Huffman, Marlow's General Manager, he was able to autograph 97 vehicles for owners as well as over 20 new Roush vehicles that they have for sale.

If you're ever in the Luray area be sure to stop by their dealership. You will be surprised with the large inventory of Mustangs they have in stock as well as their friendly and helpful staff. You can also check out Marlow's inventory and contact information on line at: www.marlowford.com.

Be sure check the CVMC website for more photos of this event.

Ford mourns 'Whiz Kid' CFO J. Edward Lundy

He's credited with helping turn automaker around after WWII, giving it financial vision.

**Bryce G. Hoffman
The Detroit News**

J. Edward Lundy, a former Ford Motor Co. chief financial officer and one of the "Whiz Kids" who famously saved the Dearborn automaker in the wake of World War II, died Tuesday night at the age of 92.

Lundy, a long-time resident of Dearborn, was part of a 10-member Army Air Force statistical analysis team led by Charles "Tex" Thornton that offered their services to a struggling Henry Ford II in 1946. The group, which also included Robert S. McNamara and Arjay Miller, saved the company and went on to provide it with two presidents and six vice presidents.

"Ed Lundy was a true pioneer in business and is a celebrated figure in Ford Motor Co. history," Executive Chairman Bill Ford Jr. said. "He was a consummate professional, role model and leader. During his 33 years of

service, Ed Lundy re-wrote the rules of finance in the auto industry. He will be missed."

A former member of the economics faculty at Princeton University, Lundy was initially put in charge of financial planning at Ford.

He is credited with developing financial forecasting as a critical planning tool at Ford, as well as in the broader automotive industry.

He was also known for his ability to identify and develop young talent.

According to the Automotive Hall of Fame, he "brought discipline and accountability" to Ford and "is credited with re-writing the rules of finance in the auto industry."

He was promoted to CFO in 1967 and retired in 1979, but stayed on as a member of the board of directors until 1985.

Lundy's name remained part of the Ford vocabulary long after his departure. He established a set of grammatical and formatting conventions for reporting financial results and related information that Ford financial staff still use and refer to affectionately as "Lundyisms."

Despite early exit, Hight advances to final four

Richmond, Sunday: A clutch malfunction ended Robert Hight's hopes of succeeding the late Eric Medlen as Funny Car champion of the Torco Racing Fuels Nationals at Virginia Motorsports Park Sunday but the driver of the Team Castrol/Automobile Club of Southern California Ford Mustang still managed to lock up a starting spot in the Countdown to One which will crown the 2007 POWERade World Champion.

After dominating the preliminaries and earning the Full Throttle Pit Crew Challenge bonus money for qualifying consistency, Hight fell to Ron Capps when the clutch activated prematurely, causing his 8,000 horsepower Mustang to inexplicably lose traction several hundred feet into the run.

The upshot was a quarter mile time of 7.447 seconds at only 107 miles per hour, far off the 4.790, 4.814, 4.822 qualifying pace that had stamped him as the pre-race favorite.

"It was really a surprise," Hight said. "The clutch just came in quicker than it had all weekend. We don't know why, but we're going to test tomorrow and then we're going to Vegas and test next week. We've got good sponsors and a good team and (the championship is) still ours to win".

Hight, the 2005 winner of the Auto Club's Road to the Future Award as the NHRA Rookie-of-the-Year, now will vie with Tony Pedregon, Ron Capps and Gary Scelzi for the \$500,000 championship, trying to become the third different Team Castrol driver to win the title in the last six years.

"Our job was to get one of these Ford Mustangs in the Countdown to One for Auto Club, Castrol and Ford," team owner John Force said from Baylor University Medical Center where he is recovering from injuries suffered in a Sept. 23rd crash. "Robert

will carry that banner for us in the last two races. He and (crew chief) Jimmy Prock earned the right to race for the championship."

MCA Regional Director

For those of you who were not at our September meeting, the membership can really be proud of your club! Every member that drove a Mustang to the Grand National show in Augusta won an award. Tony Hall with his 95 SVT Mustang Cobra, Betty and Rusty Wiseman in a 2003 Mustang Mach I each took 2nd place; Kathy McWilliams along with her sister Karen tailored her 1969 Mustang Convertible was awarded Gold; Dave Lythgoe, Johnny and Joan McGrath and myself in our 2005 Mustang's earned 1st place, while Rick Nohta will most likely earn his Shelby Gold card. The entire group enjoyed the show and the trip down and back had its surprises. Those that did not go missed seeing some absolutely gorgeous and unusual Mustangs such as a Mustang station. Our club, along with several other clubs, was honored for receiving the Presidents award.

I hope those MCA members saw the election ballot for the Board of Directors in the September issue and voted **by 30 September.**

The 2007 National Judges meeting will be held in Atlanta, GA on November 3rd. Location will be announced soon.

Effective October 1st, annual dues are now \$40.00 per year. While to some it seems like a big jump, we are still priced below just about every premier Automobile Association club in the country. In addition, MCA also has not raised its dues since January 1986

and I can not think of anything that has not gone up in that time frame!

The MCA Mustang Lovers' Valentine Cruise is selling out and the prices are going up.

Mustang Times magazine is an excellent publication that is full of valuable technical information, stories and pictures of members unique Mustangs, show activities, new accessories and parts, with many vendors for all Mustangs and only available to MCA members. If you would like to join MCA see me during the break.

Local MCA Regional shows are covered in the Galloping Gazette and on our website. Check our website for additional cars shows in the Richmond metro region.

October 2007 **Car Hobbyist News From** **the Council** **By Fred Fann**

There is still a lot of talk about the DMV certification form for antique vehicles. Some people have gotten forms for all their antiques while others have not. Also DMV apparently is not going to send the new form if they already send the old form that had errors. The forms have to be into DMV before January 1st so you still

have time. Give DMV a few more weeks to get your forms to you. If you don't get all the forms you can download Form VSA 10B at the DMV website. Here is a direct link to the form:

<http://www.dmv.state.va.us/webdoc/pdf/vsa10b.pdf>

There have been some complaints about the part of the new law that allows police officers to impound or remove from the highway a vehicle that is unsafe. These people are crying that their rights could be violated. They have "right" and "privilege" confused. Driving a vehicle is a privilege and therefore can be taken away much quicker and easier than a right. The following laws in the Code of Virginia were passed many years ago:

46.2-103 (<http://leg1.state.va.us/cgi-bin/legp504.exe?000+cod+46.2-103>)

- allows police to stop and inspect vehicles to see if they are safe to operate

46.2-609 (<http://leg1.state.va.us/cgi-bin/legp504.exe?000+cod+46.2-609>)

- license plates, registration can be revoked 46.2-1001

(<http://leg1.state.va.us/cgi-bin/legp504.exe?000+cod+46.2-1001>)

- police officers can remove unsafe vehicles from the road

These laws have been in the code for a number of years. The new law doesn't change anything about removing an unsafe vehicle from operation on the highways. I have a feeling that the people who are upset about police officers being able to remove unsafe vehicles from the road may have vehicles that have missing equipment or equipment that is not working correctly. We know people registered vehicles as antiques to avoid inspections because his or her vehicle would not pass. Now that the law has changed it is time to fix any missing or nonfunctional equipment.

We've heard about DMV informing Cobra car owners about their vehicles not being titled and registered correctly. This happened quite some time ago. Now we are hearing that DMV has contacted

antique owners stating that the antiques were not titled correctly. We will monitor and see what happens. As I have said in the past always be alert when you get anything done at DMV. Check everything carefully and don't let a clerk talk you into registering or titling something incorrectly.
