2012 Mustangs and Motor Trend!!

CVMC was invited back to the 2012 Richmond International Auto Show presented by Motor Trend. The show lasted from Friday, March 23rd to Sunday, March 25th.

CVMC had a great location inside the main display at the Richmond Convention Center.

We had 10 fantastic Mustangs on display. CVMC would like to thank each of the owners who displayed their Mustangs and all of the club members who came by to visit and support CVMC. CVMC would also like to thank Motor Trend for inviting us back to the show.

Everyone had a great time and we look forward to returning to the Richmond International Auto Show in the future!

O'Reilly Auto Parts Cruise In March 17, 2012

CVMC was invited to have a cruise in at O'Reilly Auto Parts on St. Patrick's Day! CVMC had a nice little turnout at the Store; of course we could always use a much larger turnout. Maybe next time!

CVMC would like to thank O'Reilly Auto Parts store for the Door Prize donations they gave us. CVMC would also like to thank everyone who came out to support CVMC and O'Reilly Auto Parts!

We hope everyone had a fantastic St. Patrick's Day!

Come out and help take care of our adopted highway and have pizza afterwards! We'll be meeting at the IVYMONT SQUARE SHOPPING CENTER in downtown Midlothian (Midlothian Turnpike and Le Gordon Drive) and we will leave at 9:30 a.m. to go to our stretch of Otterdale Road. Afterward

we will go to the Pizza Hut in Midlothian for lunch, compliments of CVMC. Please come out and support the club, have some fun and enjoy a great lunch!!!! Look forward to seeing you there.

Cruise to Smithfield May 12, 2012

The CVMC members cruising with us this year will be meeting at 8:00 AM at the same location as last year for this event (The East Coast Service Station on State Route 10 and I-295).

From I-295 South take exit 15-B. At the end of the exit ramp you can see the station on the left. From I-95 South, take exit 61-A toward Hopewell.

This is a rain or shine event. Departure to Smithfield will be at 8:30 AM.

On May 12, 2012 the Town of Smithfield will again close historic Main Street and fill it with Mustangs. You are invited to be part of this annual event which includes fun, food, music, shopping, a farmers market and much more.

The show runs from 9:00 AM to 3:00 PM. Registration begins at 9:00 AM and all cars must be in place by 11:00 AM. This will be a Top 75 show with Specialty Awards. Dash plaques will be given to the first 100 registered cars. Pre-registration is \$20.00 per car if registered and paid by May 5. After May 5 the registration fee will be \$25.00.

This event is being hosted by Peninsula Mustang Enthusiast and the Town of Smithfield with all proceeds benefiting the Children's Hospital of the Kings Daughters (CHKD). For pre-

registration, visit the website

Wounded Warrior Family High Five Tour July 7, 2012

Mark your calendar now. The Wounded Warrior Family High Five Tour will be in Richmond on Saturday July 7, 2012 at Richmond Ford. Col. John Folsom will arrive at the dealership between 8:00AM and 9:00AM.

He will be at Richmond Ford for 3 to 4 hours. We should plan to be at Richmond Ford no later than 7:15AM to stage our cars. We will park our Mustangs up front in the lot and Col. Folsom will drive by our cars as he enters Richmond Ford.

Richmond Ford and Ron Kody are expecting a great turnout by CVMC!!! There will be a cookout, and possibly K95 at this event as well as news coverage.

I would like for everyone to be identified as CVMC members, please see George and purchase a CVMC T-shirt.

I will be meeting with Jeff Jessy and Ron Kody in the next several weeks and will have additional information on this great event. Please remember we must have a BIG turnout!

I will have more information at our March meeting so please attend. If you have any questions please call me at 804-272-4007.

Also, I would like to start and get a list of everyone that plans to attend so if you could please send me an e-mail I would appreciate it.

Stenhouse Jr. Gives Ford First NASCAR Nationwide Series Win of 2012

- Ricky Stenhouse Jr. won his third career NASCAR Nationwide Series race and became the fourth different Roush Fenway driver to win a series event at Las Vegas Motor Speedway, joining Mark Martin, Jeff Burton and Greg Biffle.
- The win was the 13th at LVMS for Roush Fenway and Ford in 30 combined NASCAR Sprint Cup and Nationwide races at the facility.
- Ford has now won a NASCAR Sprint Cup or Nationwide race 11 out of 16 years at Las Vegas Motor Speedway.

RICKY STENHOUSE JR. – No. 6 Ford EcoBoost Mustang – **WINNER'S PRESS CONFERENCE:** "It was really cool. Looking at all the fans in the stands that came out was pretty cool before the race and to win here was fun. I got here Sunday, so I've been here a while and it paid off. Our Ford EcoBoost Mustang was not as good as we wanted at the start of the race. If you would have listened to our radio,

I'm sure Mike over here was tired of listening to me, but he kept taking notes of what I was saying and made it better. It was weird. The track went loose for a while and the last couple runs it started tightening back up and Mike made a good pit call there at the end and got us freed up. The guys on pit road did an awesome job to get us out first and that really helped to win us that race."

MIKE KELLEY, Crew Chief – No. 6 Ford EcoBoost Mustang – "This race today was a lot about what we knew about notes about these cars and these tracks, and not coming here on Thursday and Friday and making a lot of changes to our car based on what we saw when we got on the track. We just kept the course of what the whole plan was for the day. Ricky is really good about giving feedback. He talks and explains to us everything the car is doing, what the track is going through, what temperature is doing to the track, and we're scanning other drivers and we kind of knew where we started that if the track did what we thought it would towards the middle of the race, our car would start to find its way to the front and it did. A few more changes later it showed some speed and the guys did a great job on pit road and got him out front when we needed to, and, from that point on, it was Ricky setting sail. The car was fast. Doug and those guys gave us a really good motor and Jack and Ford allow us to build great race cars and I can't say enough about my team. They've been working a lot of hours here and it's really hard at the shop. We've downsized some and running less teams and we're trying to build cars for us and Trevor and bringing really good pieces to the track. I felt like we had a shot at winning Daytona coming off turn four and I felt like we had a really good car at Phoenix and just missed on getting him out front when we needed to, but I'm just so proud of my guys and proud of Ricky for coming out of the box strong. We didn't get the finish we wanted at Daytona, but, obviously we showed today that we're here to win."

RICKY STENHOUSE JR.
CONTINUED – DID YOUR CAR LIKE
CLEAN AIR THAT MUCH WHEN YOU
GOT OUT FRONT AND IS THIS
INTERMEDIATE TRACK WIN A
BENCHMARK WIN FOR YOUR CAREER?

"It definitely was good out front. I think that's gonna be the case at a short track or anywhere. We stretched the lead out there to four or five seconds and then I just kind of rode around and saved the tires in case we had a late restart. To win on a mile-and-a-half is big for me. I feel like our cars are better than I am at some mile-and-a-halfs, and I feel like I drive really hard at the short tracks. I think we've got a really good package going right now and to get that win on a mile-and-a-half feels good."

WOULD YOU HAVE WON IF YOU CAME OUT OF THE PITS SECOND OR THIRD? "I definitely think we had the car to beat. I feel like we could have started sixth and still won that race at the end. I found a line that I liked to run and the car was coming around to it. Mike Kelley made some awesome pit calls there and I think we just had the car to beat. We were running Mark down the run before. We were catching Brad and he had his troubles, so I feel like we could have won if we started second or third row, but it was definitely a lot easier starting on the front."

WAS THERE ANY CALL DURING THE RACE THAT HELPED GET YOU TO THE FRONT? "We were at the front all day. I don't think we really ran out of the top five at all and the guys getting me off pit road first, we came in second and got off first, so that was huge. That meant I could start the race where I wanted to on the outside, where I had been running, so that was nice. We tightened the car up when we needed to tighten it up and we freed it up when we needed to be a little bit looser, and Mike did the adjustments on how far to go and I think we all worked as a team this weekend and worked really hard."

TREVOR BAYNE – No. 60 Roush Fenway Ford Mustang (Finished 4th) – "It's good when you can say a top five

is disappointing. We want to be in Victory Lane every week and there for a while I thought we had a shot at it. We just got too tight at the end when the sun went down, so it's a decent run. I'm proud of the team for having two cars in the top five with very limited guys and budget and everything else, so they're doing a great job this year. I just hope we can keep it going. I really want to contend for this championship this season. We've got an 11th and a seventh and a fourth, so we're getting better every week and that's all you can hope for. We'll see what happens here in the future." WHAT HAPPENED ON THAT FINAL RESTART WHEN YOU FELL BACK? "I got trapped in the middle. I was pushing Mark Martin and thought he was going to get the lead and I just got trapped right there in the center of them and when you get in the middle you just drop back. I was doing all I could do, but it just took us too long to get back by everybody."

MICHAEL ANNETT – No. 43 Pilot/Flying J Ford Mustang (Finished 13th) – "It was just a long day. Obviously, we had a bunch of pit stops to try and make it better, but we struggled for speed all weekend. Our trouble spot through practice was turns one and two, and then in the race it was three and four so it kind of flip-flopped on us. We definitely got a lot of notes. We found some things that helped us and definitely didn't, so we'll put that in our notebook and try to make ourselves better for California."

News from the Car Club Council

HB 878 has been passed by both the House and the Senate. The version the Senate passed was different than the House version. When this happens, a conference committee is formed with three members of the House and three members of the Senate. The conference committee works to make a bill acceptable to everyone. In this case the committee was successful and the bill has been sent to the governor for his signature and then it will become law this summer.

This bill was amended a couple of times. Additional amendments to the bill will now totally exempt from the license tax ALL vehicles and parts cars that are stored on private property for the purpose of restoration or repair. Vehicles stored within a structure will remain exempt from the

tax. I wish to thank all the car hobbyists who contacted people in the Assembly and got this bill changed from a negative for our hobby to a big positive.

President Obama has now put the Keystone XL pipeline on a fast track. This is a big change from his veto of the pipeline. The president has taken a beating from critics due to the ever increasing price of gasoline. What is truly sad is the fact that due to new private lands being drilled for oil and new techniques for drilling that the North American continent now produces more oil than we use. I think the president and his team have missed an opportunity to break America free from foreign oil. The administration has spent a lot of money on green energy. Literally billions have been invested by way of Department of Energy loans and grants in green energy.

Change will happen when change is ready to happen. You cannot force major change in the energy sources we use daily. I wonder what the state of our country would be if our political leaders had invested in oil and natural gas production instead of electric cars (failed at the turn of the 20th century, may fail again this century), hydrogen fuel cell vehicles (none in production), solar panels (Solyndra failed), electric car batteries (A123 Systems failed) and of course the poster child for failed green energy the Chevy Volt (production halted).

The EPA recently approved some new guidelines to make the selling of E15 fuel easier for gas stations to sell. Any gas station wishing to sell E15 fuel must complete a Misfueling Mitigation Plan (MMP) and file it with the EPA. Very few have filed the paperwork. The Renewable Fuels Association plans to produce a 44-page E15 Retailer Handbook which it says will help gas stations negotiate the red tape of the EPA's E15 approval process. That association wants to sell more ethanol. In fact the plan just approved by the EPA was submitted by the Renewable Fuels Association. So much for the EPA only doing what is

right for the environment without interference from others. Just like other government decisions there are winners and losers. E15 is a loser for not only car hobbyists but consumers in general. Even Green Car Reports (The ultimate guide to cleaner, greener driving) states "But while the general message has been that E15 won't hurt your car, owners of older cars or other gasoline-powered equipment like garden tools or boats might find refueling with E15 could cause significant damage."

Cruise-In to "Celebrate Liberty"

An all-vehicle cruise-in will be a featured part of "Celebrate Liberty," a

patriotic family event at the Chesterfield County Fairgrounds on April 14. Owners of street rods, antiques, motorcycles, foreign, and custom vehicles are invited to show off their specialty vehicles. Tommy Herman will be there with his antique fire engines. Display hours are 1pm to 4pm. Co-sponsored by area patriotic groups, "Celebrate Liberty" will include live entertainment, food vendors, patriotic displays, historical reenactors, and well known speakers. The Lee Brothers from WRVA will host the main stage events. Also on hand to entertain and educate will be the Patriot Pipes and Drums, Righteous Outlaws, and a high school Battle of the Brains competition with emphasis on The Constitution. A special Kid Zone will keep the youngsters engaged. A press conference featuring General George Washington, Thomas Jefferson, Patrick Henry, and James Madison (followed by Patrick Henry's "Give Me Liberty" speech) will round out the educational agenda. Numerous non-profit organizations will be represented such as the Family Foundation, American for Prosperity, Oath Keepers, FreedomWorks, 4H, and the Boy Scouts. The Chesterfield County Fairgrounds is located near Chesterfield Courthouse at 10300 Courthouse Road, Chesterfield, VA 23832.
