[Montpelier,](#) Our third Mission BBQ Cruise-In is coming up on July 13th from 5-8 pm at 5440 Glenside Dr, Henrico. Also, Kathy Morton contacted us regarding a cruise-in to celebrate the 44th Anniversary of Westminster Canterbury-Richmond at 1600 Westbrook Ave, Richmond, VA 23227 on July 29, 10 AM – 1 PM. Time subject to change due to weather, I'll keep you posted.

The events list is current, be sure to check out the [Google online calendar](#), our [Facebook](#) page, our one page events list, [http://www.centralvamustang.com/events .pdf](http://www.centralvamustang.com/events.pdf), and the newsletter for details. Please note the new date for the Crossroads Ford cruise-is Sept 21st.

Many thanks to Ron Kody, President of Richmond Ford-Lincoln for his generous donation to CVMC! Richmond Ford-Lincoln is a tremendous CVMC supporter and partner with major car show sponsorships, door prizes, and parts discounts. The donation will go toward wrapping or painting the club trailer. The club trailer has minor rust, weather stains, and faded logos. Be sure to thank Ron, if you see him!

We have 35 vehicles registered for the Fall Show (up 5 from this time last year) to be held on September 14 at Bass Pro Shops in Ashland, VA. As a reminder, this show is pre-registered only with no refunds. Get those registrations in! Also consider placing you or your company's name on a trophy, for \$100 you can make it happen. A significant portion of the proceeds will go to Comfort Zone Camp and Tunnel to Towers Foundation. Volunteers will be needed for goody bag night, Friday setup and during the show. If you need a volunteer t-shirt please see me, Kathy McWilliams or email me at president@centralvamustang.com. For show questions, please see Ben Bruno or email him at show@centralvamustang.com.

PARADES

Beaverdam Ruritan Club's Annual 4th of July parade

We need to meet at 8:30 am at the Montpelier Center for Arts and Education, 17205 Mountain Road, Montpelier VA. The Montpelier Center is across the road from where you turn from route 33 to Beaverdam Road. (Mountain Rd is Rt. 33 in western Hanover County). About 8:40 we will caravan the 10 miles from Montpelier to Beaverdam on Beaver Dam Rd or Rt 715. Parade lineup begins at 9 am. We roll off at 10 am, travel through village of Beaverdam and then several miles to Ruritan Park. There will be a July 4 celebration at the park with food etc., but doesn't appear there will be a car show this year. Any questions call me at 432-8615.

MCGUIRE VA CRUISE IN

The annual car show for the veterans at McGuire's Veterans Hospital put on by the VFW will be held on September 14, 2019, from 10AM - 2PM. Drive your "Old Cars" for the veterans to come out to see, in Parking Lot #4. The VFW will be serving hot dogs and chips and drinks as in past years. More information to come from Roy Louth as the date gets closer.

THANKS!

I am recovering fine after leg surgery on May 31, 2019. I hope to be able to attend the July meeting. I appreciate your

thoughts and prayers. I am scheduled to have my other leg done in July.

Thanks,
Ray Louth - Director #5.

BICKFORD SENIOR LIVING

On Saturday, June 15 12 Mustangs, and a stray T-Bird, had a cruise-in at Bickford Senior Living in Chesterfield. We had a wide range of years represented, along with cars from 1st Gen to brand new just rolled off the car lot. With all those years, we had many colors, including a Need for Green. If you haven't seen one, you need to! Pretty car – Ok, I'll make it easy for you.

INDUSTRIAL TAPHOUSE CRUISE IN

On June 9, there was a cruise in to benefit the American Cancer Society at the Industrial Taphouse near Hanover Airpark. FYI - This is a yearly event. As you can see from the picture, it was a rainy day but folks still turned out for a good cause. Jim Marr doesn't let many drive his car but how can you argue with a squirrel this big?

MCA REPORT

Mustang Club of America (MCA) news:

- Board of Director Nominations: We are seeking hard-working, dedicated men and women who have the love, and energy to help make MCA the most premier car club in the world. At the end of December 2019, several Directors' terms will expire. Now is the time to submit your name and a short Bio for nomination to one of these positions. You must be a current MCA member in good standing and 18 years of age before October 1, 2019, to serve on the Board of Directors. To serve as an officer, you must have at least two years of experience as a Regional or National Director. To make your intentions known, you must submit a biography of no more than 300 words to the Nominating Committee before July 15, 2019.
- Look for these Nominations/Elections to be published in September's Mustang Times which will have the nominee's picture and their experience. This year digital voting information will be tried
- As of the end of 2018 there were about 170 worldwide clubs with a membership around 12,500 members.
- Our display drew a lot of attention from attendees at the Grand opening of the Mustang Owners Museum (MOM). Some of the thousands of visitors attending the Museum opening were from Australia, Great Britain, Switzerland, & The Netherland. For pictures and more Museum information check out pages 22 to 24 in the June issue of Mustang Times.

I gotta tell you. Judi and I took a small getaway to Ocean City, Maryland the 2nd week in May. We did not know there was a 3 day "Crusin' Ocean City" car show that took place at the Convention Center and Inlet parking lot. We stayed at the Hilton just down the highway from the Center. We got lucky. The Hotel did not have the correct accommodations Judi had requested. She complained to the management and they corrected our reservation by putting us in the top floor

Pent House with 2 kitchens and ocean front bedrooms with balconies. The front living room was huge with another front corner bedroom. We could see all types and years of Antiques, Classics, Hot Rods, Modified cars, Trucks and many Mustangs. They were all traveling in front of our hotel, then up and down the Coastal highway from the ocean inlet, Baltimore and Philadelphia Aves past the Convention Center to round 60th Street. It was like a small, Mini Woodward Dream cruise show. There was a section of this run called the "Event Zone" where the highway speed limit was reduced to 30 MPH and the fine was doubled for those speeding in this zone. The Ocean City police also had some surprises for those cruising. Some of their police vehicles doctored to appear to be Hot Rods and hopped up trucks, but were issuing tickets to the hundreds of speeders that were misbehaving around the "Event Zone".

In June's "Mustang Times" issue our September 14th Bass Pro Fall show is listed on page 75. I did state, in the application submitted, this show was a Pre-registered show. Complete celebration coverage of "55 Years of the Mustang", with pictures, is on pages 14 to 20. There is a remarkable "BARN FIND" story about a 10,000 mile 1967 GT 500 Shelby survivor on pages 42 to 46. Many CVMC members attended the August 2010 MCA Virginia Beach "Hoof

JULY 2019 **Car Hobbyist News From the Council**

For the last couple of months I've been talking about the antique registration tickets issued by Warren County. People actually got tickets for having passengers and personal possessions in antique vehicles. These things are not against the law and when the process was continued into Circuit Court (a court where records are kept) the charges were dismissed. I sent a letter to Governor Northam on May 6th asking for an Attorney General's

opinion as the council delegates decided at the April meeting. After 6 weeks there was no response so I went to the Governor's website and sent an email form stating we were still waiting for a response and then copied the body of the original letter into the text box of the form. I have not gotten a response. I will continue to try and get a response for the Governor.

As I reported in the last hobbyist news the EPA was working on a plan to allow year round sales of E15 gasoline. President Trump wanted this to help farmers affected by a tariff. The EPA has succeeded in getting this done before the deadline of June 1st. Here is the announcement by the EPA at the end of May:

"WASHINGTON (May 31, 2019) – Today, U.S. Environmental Protection Agency (EPA) Administrator Andrew Wheeler signed the final action that would remove the key regulatory barrier to using gasoline blended with up to 15% ethanol (E15) during the summer driving season and reform the renewable identification number (RIN) compliance system under the Renewable Fuel Standard (RFS) program to increase transparency and deter price manipulation. Taken together, these steps follow through on the Trump Administration's commitment to responsible environmental protection that promotes energy independence, regulatory reform, and increasing the use of biofuels to give consumers more choices, while supporting American farmers.

"Following President Trump's directive, today's action expands the market for biofuels and improves the RFS program by increasing transparency and reducing price manipulation," said EPA Administrator Andrew Wheeler. "As President Trump promised, EPA is approving the year-round sale of E15 in time for summer driving season, giving drivers more choices at the pump."

With today's action, EPA is finalizing regulatory changes to apply the 1-psi Reid Vapor Pressure (RVP) waiver that currently applies to E10 during the summer months so that it applies to E15 as well. This removes a significant barrier to wider sales of E15 in the summer months, thus expanding the market for ethanol in transportation fuel.

EPA is also finalizing regulatory changes to reform certain elements of the RIN compliance system of the RFS program to increase transparency and deter price manipulation in the RIN market. The reforms include requirements for public disclosure if a party's RIN holdings exceed certain thresholds and additional data collections to improve EPA market monitoring capability. These new reforms will also help EPA continue to gather the information needed to decide whether further action is needed to ensure stability in the RIN market."

Keep in mind you will need to check the labeling carefully so that you don't accidentally put E15 gasoline into a vehicle that cannot use it. E15 can cause engine damage in air-cooled engines and vehicles not designed for flex fuels. E15 is usually a little lower in cost than E10 regular gasoline.

President Trump also wanted to help coal miners and the coal industry so the EPA has rolled back the Obama-era plan limiting coal-fired power plant emissions. This change will allow states to set their own carbon emissions standards for coal-fired power plants. Also government officials in Glacier National Park in Montana have quietly removed signs saying the glaciers would be gone by 2020 due to climate change. In fact the glaciers seem to be a little larger than they were decades ago.
