A NOTE FROM THE PRESIDENT

Welcome, June! On Memorial Day, we had two parades in Sandston and Washington DC. We had 10 cars participating in the 15th year of the National Memorial Day Parade in DC. The group was split with some riding along with the 101st Airborne and others with the Desert Shield/Desert Storm veterans. The parade was streamed live by Military.com and YouTube. If you watch the YouTube video we appear 1 hour 38 minutes and 1 hour 40 minutes into the parade. Those in attendance were: Dave Lythgoe, Kyle Lythgoe, Curtis Robb, Sandy & Ralph Robbins, Tony Hall, Chris & Stacy Parr, CJ Jones, and Kathy McWilliams.

Our next 3 monthly meeting dates, times, and locations are as follows:

June 5, 7:00 PM, [North Park - Henrico County Public Library](#), 8508 Franconia Rd, Richmond, VA
July 3, 7:00 PM, [Tuckahoe - Henrico County Public Library](#), 1901 Starling Dr, Henrico
Aug 7, 7:00 PM, [Libbie Mill Library](#), 2100 Libbie Lake E St, Richmond

Richmond Ford Lincoln will have their annual [cruise-in](#) on June 1, from 9-1. CVMC will meet at 7:30 on Westmoreland Drive behind Richmond Ford's back parking lot in the office complex parking lot. Club will leave at 7:45 to arrive together. Tony Hall is our club contact, pastpresident@centralvamustang.com

Bring out those ponies! The events list is current, be sure to check out the [Google online calendar](#), our [Facebook](#) page, our one page events list, <http://www.centralvamustang.com/events.pdf>, and the newsletter for details.

On May 3rd, my husband JC and I went to the Bob Bondurant Drag Racing School in Chandler, AZ. We learned how to drag race Dodge Demons to include steering control, line locking, staging, and launching. My top

speed was 92 mph in the 1/8th mile! I'm in the White Demon pictured below! What fun!

PARADES

NATIONAL PARADE

See the President's column for the scoop on the National parade in Washington, DC. Sounds like those of us that did not participate missed quite an opportunity

Great pic, Tony

SANDSTON PARADE

We had 14 cars for a rather hot day. The problem was the lack of shade while waiting to start. It was a nice parade with a lot of people watching. I think all the cars did OK except mine which kept falling asleep.

Llew

from 10AM - 2PM. Drive your "Old Cars" for the veterans to come out to see, in Parking Lot #4. The VFW will be serving hot dogs and chips and drinks as in past years. More information to come from Roy Louth as the date gets closer.

Lining up in Sandston

BON AIR PARADE

We had 11 cars for the Bon Air parade on May 11th. The parade was the shortest and fastest parade I've ever done, about 15 minutes plus we were told about a quicker way to get back across the river, I was home by noon.

MCA REPORT

Mustang Club of America (MCA) news:

The Mustang Club of America Headquarters held our Corporate Board of Directors meeting on May 11th in Irving, Texas. As of this date I have not received that meeting agenda. Other meetings for 2019 are again at the same May Texas location on August 3 with the final 2019 meeting October 12-13 in Las Vegas, Nevada with the meeting location still being selected. The following items from our **January 13th 2019 corporate meeting of the New Year** are:

- Roll call of our Officers resulted in 24 attending the meeting so we had a quorum present for any business needing approval. 6 Board members were not in attendance with 9 Regional Directors attending and able to vote.
- Finance Committee Report: December 31, 2018 ending year balance enabled the annual committee meeting

budgets for 2019 to be approved. An audit will be done since there is a new Treasurer.

- Executive Committee Report: After much debate at the meeting the motion to enter into a contract with the Mustang Owners Museum was passed. October's 2018 minutes were approved as written.
- Membership Voting Report: Kristie Brown reported on efforts to check on membership data and discussed the pros and cons of paper versus digital voting. Digital voting will be tried. Nominations/Elections will be published in Mustang Times for the procedures and follow-up. Total worldwide members as of January 2019 are 12,513.
- Regional Club Support: The SVT Mustang Elite, Inc. of El Paso, Texas and the Topeka Mustang Club, Inc. of Topeka, Kansas requested an MCA Charter which was approved.
- Internet: The new website is in progress. Board members were given the web address to test drive the new website and give the committee feedback. Once all the testing is complete, Chris Waddle and a motion to authorize the Executive Committee to approve the new website to go live when it is ready. The motion was passed.
- Show Automation: the goal is to get Regional Clubs to use Motosho for their MCA shows
- National Shows: Tucson, Arizona and Buffalo, New York are approved for 2020 and we need another National show and Grand National show application to complete that season.
- MCA President Steve Prewitt made the following appointments by motion: Parliamentarian (Jim Keenan), Sergeant of Arms (Randy Weldon), Historian (Eric Tucker), Publisher (Bob Frender) and National Head Judges (Billy Henson and Dan Trapp). The motion was approved.
- Other agenda items discussed are as follows: future driving events; Hall of Fame procedures; Club insurance for

2019 is in place; the new judging medallions have been ordered for the new programs; a new Marketing committee was presented;

OTHER Mustang news:

Mustang Club of America's display drew a lot of attention from attendees at the Grand opening of the Mustang Owners Museum (MOM). Some of the thousands of visitors attending Museum opening were from Australia, Great Britain, Switzerland, & The Netherland.

For those who were not able to attend the opening ceremonies, I was one of the 1st 500 to enter the Museum and receive a Museum license plate. The Museum building is large with lots of floor space to display the many different years and models. The Mustangs on display were all rare including 1 of the original 1964 ½ Black Mustang convertible with mirrors enabling you to see the side chassis modifications and under the radiator to pull the Mustangs around Ford's rotunda building of the 1964 World's Fair in New York. Another of the rare Mustangs was Lee Iacocca's 2009 Silver 45th Anniversary edition. If you are into viewing beautiful, rare (1 of a kind) Mustangs this Museum should be on your Bucket list.

Lee Iacocca's 2009 Silver

Our September 14th Bass Pro Fall show is listed on MCA's website under Events calendar & the Car Club Council of Central Virginia website.

In May's "Mustang Times" issue is a great account, with many pictures, of the MCA "Mustangs Take Flight" show at the Lone Star Flight Museum, pages 14 to 26. Those interested in the various design facilities and equipment Ford uses' for new Mustangs take a look at the article "Supercar GT500 by supercomputers" on page 11. The Mustang Owners Club of Great Britain celebrating their 40th anniversary in 2019 on pages 48 to 50. Also take a look on page 82 of the May 1966 rally with over 1,300 Mustangs.

For our new members you can join MCA on line. There are 3 different tier levels which are discussed at MCA's website www.mustang.org. When you join MCA please email me at MCA director or Sandy Robbins at (membership@centralvamustang.com). As an MCA member you receive "Mustang Times" magazine included with your membership and NOT available on newsstands or anywhere else. A list of National show, pages 72 to 75. You can also advertise your Mustang or Mustang parts at no charge on pages 76 to 79.

As always check our newsletter, Facebook websites and events listing for any upcoming activities in our area.

FRIED CHICKEN AND BEER

It was a perfect blend of beautiful weather, awesome sounding cars, and the laughter among friends. This was the scene on Sunday, May 19th, when a total of 22 CVMC members and guests gathered for the cruise down Patterson Avenue to Tanglewood Ordinary Restaurant.

After everyone enjoyed the delicious lunch, several people then proceeded to Hardywood Park Craft Brewery for our private tour. With the 1st of 3 samplings in hand, we viewed the brew house, fermentation hall, quality assurance lab, ingredients processing area, and packaging station. Quite an impressive sight to walk among all those high stacked wooden beer barrels.

Interesting tidbit of information disclosed that some of the barrels are sold after initial usage. Great project idea for my outdoor patio table!

JUNE 2019 Car Hobbyist News From the Council

The council sent a letter to Governor Northam in May asking for an Attorney General's opinion on the (mis)interpretation of the antique vehicle registration law by Warren County. Antique owners have actually been ticketed for having passengers and personal belongings in an antique vehicle – both of which are not against the law. We are waiting to hear from the governor and I will post his response.

The EPA has until June 1 to come up with a new E15 gasoline rule that will allow for the year round sale of E15 gasoline. Currently E15 sales are banned during the summer because it produces more pollution than during the winter months. A draft of the proposed rule has been sent to the White House Office of Budget for review. The proposed rule has been published and put out for public comment – the comment period ended last month. Congressional approval is not required. The process needs to be completed before June 1 which begins the summer months as determined by the EPA. Summer and winter gasolines have different blends. No one is sure what will have to be done if the rule is not in place by June 1.

Have you heard about ICE-ing? This is a new trend where big trucks – both diesel and gasoline – back up to Tesla charging stations and block the electric cars from using the chargers. This has become a big enough problem that these nine states Arizona, California, Florida, Hawaii, Illinois, Massachusetts, Oregon, Rhode Island and Washington plus some cities have passed laws against ICE-ing. The I, C and E are taken from internal combustion engine.

In Loudoun County, Virginia an SUV was towed for blocking a charging station. The station was on private property with signs stating "ELECTRIC CAR PARKING ONLY – TOWING ENFORCED".

Electric vehicles do not use gasoline so their owners are not paying a gasoline tax that is used for roads. Legislators in Illinois have proposed increasing the registration fees for electrics from \$17.50 a year to \$1000 a year. Electric vehicle owners have been given tax breaks to entice them to buy the vehicles. I'm sure this is one reason people are ICE-ing them. The feds offer up to \$7500 tax credit for buying a plug-in vehicle whether hybrid or all electric. The credit depends on the battery size. The cost for buying these vehicles is higher than for a gasoline vehicle. A bill in the General Assembly in 2018 would have allowed for a \$3500 tax credit for the purchase of an electric vehicle but it was killed in subcommittee.
